

NEW NFAA RECOGNIZED SHOOTING STYLE

Modern Bowhunter Freestyle (MBH)

Following are the proposed new MBH class rules. These are interim for TFAA SYWAT. NFAA will publish the "official" rule which will go into effect January 1, 2026.

1. Any sight and scope may be used as long as the scope itself does not contain any glass lens. Scopes with lenses, clickers and draw checks are not allowed. A sight pin consisting of a housing with a hole through it, that does not contain a fixed reference point within the hole, is not allowed.
2. Release aids will be permitted. In the case of physical disability of the arms or hands, a chew strap may be used in place of fingers or release aids.
3. A pinguard mounted on the sight, and a level mounted anywhere will be legal in this style of shooting.
4. A string of suitable material with a center serving and end servings of the same or different color than the string may be allowed.
5. One consistent nocking point only is permitted. Nockingpoint locators shall not extend more than ½ inch above or below the arrow nock when at full draw.
6. Brush buttons and string silencers properly attached will be legal.
7. Only one anchor point is permitted.
8. All arrows shall be identical in size, length, weight, and fletching with allowances for wear and tear.
9. Straight stabilizer, coupling device if included if used which cannot exceed 18 inches at any time, as measured from the back of the bow, V-bar, counterbalance and string silencers may be used.
10. An archer will not be permitted to change the draw weight of the bow during a round.
